Subject : latest position of MM Publication: Alo hate Andharero Yatri

Dear MM Publication members,

You must have been annoyed for my delay in responding your queries of latest position of *Alohate Andharero Yatri*. Here is the latest situation.

1. I have carefully and critically gone through the monograph more than once with my limited capability. The editing has been completed.
2. I am now making a final copy of the book after arranging the topics, titles and subtitles in suitable manner chapter wise, making footnotes here & there, and arranging the references in order.
3. Pictures to be included have been selected (some in black and white and some in multi-colour, to make the illustration more clear and attractive).
4. The cover page, if MM group designs, it is OK for us here. Otherwise we would approach a more or less renowned artist (including Qaiyum Choudhury) who does this job in Dhaka.
5. I have already given a copy of the manuscript to one of the leading physicists (Professor. Harun ar Rashid, a renowned theoretical Physicist) of our country with a request to write a foreword (*Mukhabandha*) for the book. He has kindly agreed after reading the book.
6. Final preparation of the manuscript may take another couple of weeks (typing included), which I would then forward, to the author for final approval of MM editorial members.
7. If everything goes all right we may give the manuscript to the press in the first week of July.
8. I will let you know the cost of printing after I make the press/final copy. I hope you will give me two weeks time for this.
9. I am sorry for keeping you waiting so long.
10. Regarding Publication concern (MM in Dhaka) we have to sort out some basic questions and logistic problems. In this regard I will make some suggestions and put forward some proposals for open discussion and decision.

Please remember I am a busy man with multifarious commitments. Hope you will excuse me for this delay. With regards,

Ajoy Roy
